## Introduction

A new design concept for the furniture industry. A better way to build and use furniture. Our brand name is "SNAP-i PRODUCTS" and our products are built with the revolutionary "SNAP-i" joint and an interlocking sequence of components design. Our Adagio Molto Single Desk comes in two variations – one with 3 configurational shelf and the other with a riser. Each type of desk made from Bamboo materials.

SNAP-i PRODUCTS™

SPACE SYMPHONY, LLC

---

- Innovatively-designed products reduce complexity in production, transportation and assembly.
- Our products are built with a special joint that eliminate the need for joint fasteners in the assembly.
- Sustainability – easily replaceable single parts instead of throwing away the whole unit; Materials can be sourced sustainable (bamboo).
- Flexible to add or remove from workplace to address staffing change.
- Quick & easy to assemble and disassemble without tools; easy enough that anyone can do it.
- Ergonomic friendly sitting or standing.
- The appearance is simple, elegant with customizable décor panel designs.
- Long lifetime warranty.
